

Compact Chlorometer Duo

- Chlorometer Duo kit, soft case (PTS027)
- Chlorometer Duo kit, hard case (PTH027)

Whether testing drinking water compliance using the DPD method or measuring higher levels of chlorine concentration for process applications via the Chlorine HR method, the Compact Chlorometer Duo provides both:

- Simple operation – blank or measure with a single button
- Waterproof and battery powered – ideal for field use
- Measure chlorine up to 250 mg/l on one meter.

Specification
