Pooltest 9 Photometer

- **Standard Kit (SPH7009)**
- **Benchtop Kit (SPR7009)**

The Pooltest 9 allows for the analysis of the nine most important water quality tests associated with the management of swimming pools and spas. The instrument can be supplied in a choice of portable or benchtop kits making it convenient for a variety of facilities:

- Single-key direct access to all parameters
- Battery or mains powered and completely waterproof
- On-board data log, downloadable via Bluetooth or USB and share with colleagues and customers via the Aqua Pal app.
