

# SD 300 Series

**Waterproof Hand-held Meters for the determination of pH/Redox/Temperature, Conductivity/TDS/Salinity/Temperature, Dissolved oxygen (O<sub>2</sub>)/O<sub>2</sub> -Concentration/O<sub>2</sub> -Saturation Temperature**

## **Applications:**

- Boiler Water
- Cooling Water
- Drinking Water Treatment
- Pool Water Control
- Pool Water Treatment
- Waste Water Treatment

## Technical Data:

| Title                     | Parameter and Range                                                 | Part Number |
|---------------------------|---------------------------------------------------------------------|-------------|
| <b>SD 300 pH</b>          | pH -2 - 16<br>Redox -2000.0 - 2000.0 mV<br>Temperature -5 - 150 ° C | 724600      |
| <b>SD 300 pH (Set 1)</b>  | pH -2 - 16<br>Redox -2000.0 - 2000.0 mV<br>Temperature -5 - 150 ° C | 724610      |
| <b>SD 300 pH (Set 2)</b>  | pH -2 - 16<br>Redox -1999.9 - 1999.9 mV<br>Temperature -5 - 150 ° C | 724611      |
| <b>SD 310 Oxi (Set 1)</b> | Oxygen 0 - 70 mg/l O <sub>2</sub>                                   | 724650      |
| <b>SD 310 Oxi (Set 2)</b> | Oxygen 0 - 70 mg/l O <sub>2</sub>                                   | 724660      |
| <b>SD 310 Oxi (Set 3)</b> | Oxygen 0 - 70 mg/l O <sub>2</sub>                                   | 724665      |
| <b>SD 320 Con (Set1)</b>  | Conductivity 0 - 200 ms/cm                                          | 724700      |
| <b>SD 320 Con (Set 2)</b> | Conductivity 0 - 1000 ms/cm                                         | 724720      |
| <b>SD 320 Con (Set 3)</b> | Conductivity 0 - 200 µs/cm                                          | 724710      |
