

Be Right™

Water Baths, Incubators, Microscopes

Hach carries a wide variety of microbiological testing equipment and accessories including water baths, microscopes, colony-counters, autoclaves, and microscopes and racks for petri dishes and MPN tubes. Hach also offers high-performance, proprietary portable and benchtop incubators which can be used for a variety of EPA-approved methods. Most powered accessories are available in US & EU voltage configurations.

Part Number	Product description	Power requirements (Voltage)	GBP Price
2569900	Incubator, Hach portable, 12 VDC, 30 - 50 °C (± 0.5 °C)	12 V	Contact Us
2580500	Bottle rack, P/A, stainless steel		Contact Us
221500	MPN tube rack		Contact Us
2564000	Ampule breakers, media ampules, 20 mL ampules		Contact Us
